Frequently Asked Questions

1. What hours will I attend Mission Online Summer Session?

The students have enormous flexibility about when they “attend” classes. Students may engage in coursework at whatever time (including evenings and weekends), and from whatever location(s), suits their individual needs if they are working regularly, and the course is completed by the end of the summer session.

2. How much time am I expected to spend working on the summer session course each day?

This will vary from student to student and from course to course but, in general, students taking courses should expect to complete the equivalent of approximately four-five hours of work a day, five days a week, or a total of 20-25 hours a week over the five-weeks, to complete the course on time.

3. What if I do not complete the course by the end of the summer session? Will I be given an extension?

Due to the limited amount of time in summer session, extensions are not available.

4. I am currently a full-time or dual-enrolled student at Mission Online. Do I need to fill out new paperwork to enroll in a summer course?

*If you are currently a Mission Online student, you do NOT need to complete a new registration form to take a summer session course. **Please email missiononline@mpsd.ca with your full name and the name of the course that you are requesting for the summer session.***

5. I am currently not enrolled, or I am new to Mission Online School. How do I enroll myself?

If you are currently not active in any course or have never taken any course with Mission Online, please fill in a summer session registration form (Available on our web site or in portable 7@ MSS).

6. When my course credits will appear on my transcript?

You will get a Final Grade email from your teacher after you complete the course, however your course completion and credits will appear on your transcript in September.
