# What does learning online mean to you?

We'd love to hear from our students or their families! Tell us how Mission Online has made a difference in your education, or why you chose online learning instead of more traditional schooling. We know some of you plan to graduate early, or have outside activities or jobs that make regular school attendance difficult. Others have caught up on missed courses or upgraded. Tell us your story and we'll publish it on our website to help others decide if online learning is right for them! Email your response to [Missiononline@mpsd.ca](mailto:Missiononline@mpsd.ca).
