Congratulations to our 2025 winners of the **G.W. Cooke Awards**, which were established in 1992 by Bill and Shirley Walker of Mission, British Columbia, and are administered by the **Mission Community Foundation**. These awards recognize students in Grades 7 to 9 across district schools for their achievements in Math and Science.

Math:

Lydia Murphy – Gr 7
Dylan Davison – Gr 7
Charlie Dunbar – Gr 8
Justin Wallman – Gr 8
Sage Celestyne – Gr 9
Carter Lindsay – Gr 9

Science:

Rivers Holowaty – Gr 8
Jamie Gillies – Gr 9
Eli Smith – Gr 9

Graduating Seniors

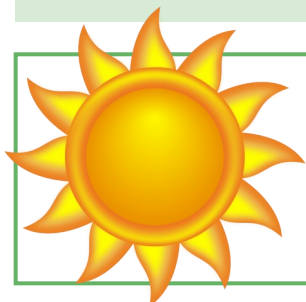

The “guarantee date” for course completion is June 13, 2025. This is the last day we guarantee that your completed course results will show on your transcript. Please contact your teacher if you have concerns with this date. If you plan to use Mission Online courses for June graduation, you must complete and submit all course work by **June 13, 2025**.

If you require a transcript, visit studenttranscripts.gov.bc.ca

Final marks may take a few weeks to appear on your transcript.

We are so proud of our graduates for all their hard work, determination, and initiative! Online students often face challenges on their own and need to find their own motivations to keep working and meet goals without a school timetable to guide them.

Congratulations, best wishes, and well done!!

Summer session is filling up fast! Some courses could be full, enrol soon to avoid disappointment. Students who are unable to enrol in their preferred course may find alternatives at a Provincial Online School—<https://search.onlinelearningbc.com>. Registration closes June 20th.

MISSION ONLINE

Mission Online is now accepting registrations for grades 7 to 12 for September 2025.

See our [site](#) to download registration forms.

Returning families, please confirm your return by emailing missiononline@mpsd.ca.

Youth Vaping

Vaping is popular among youth. Daily or near-daily use can increase the risk of mental and physical health harm.

In 2023, 26 per cent of youth in grades seven-12 in British Columbia reported having vaped. The most commonly reported age B.C. youth tried their first vape was 13.

How to support youth to prevent, delay or reduce vaping

Be supportive and expect that there may be setbacks. Here are some ways you can be a role model and offer support:

- Have open conversations about vaping. Try to understand their beliefs and see where you can offer facts that may help them better understand the risks.
- If you use tobacco, cannabis or vaping products yourself, be honest with your child about the risks and any regrets, difficulties and health effects resulting from your experience.
- Talk with your child about ways they might be able to refuse vaping in a way that makes them comfortable.
- If you vape, try quitting or reducing vaping for your own health and the health of your children. If you want to quit smoking or vaping, contact Quit Now for supports.
- If you vape, do not vape around your children to avoid exposing them to second-hand vapour.
- Keep vapour products out of reach of children and youth.
- [Tip sheet for parents: Talking with your teen about vaping](#)

Learn more about vaping products: [Youth and Vaping - Fraser Health Authority](#)

More information about child and youth substance use, including services, programs and resources available for children and youth: [Substance use in children and youth - Fraser Health Authority](#)

Students: Guarantee date for course completion on your June 2025 final report and transcript — all work must be submitted to your teacher by **June 13**.

Last day to submit work for this school year is June 25th at 3:00 pm. Any courses that are not finished by June 25th will roll over into the Fall. Students will be able to resume submitting work in our NEW platform, Brightspace by D2L, on **Wednesday, September 10th**. The Moodle platform will close permanently after Summer Session and our online courses will move from Moodle to Brightspace. Starting this fall, we'll be providing more details, including helpful guides and support resources, to ensure a smooth transition.

Please note that regular school year courses close during Summer Break and Mission Online School will be closed from June 28th to August 25th. Summer Session staff work off site only.
